

January Family Fun Calendar

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
	Look at a calendar. Can you name the months?	Practice putting on your coat, hat and mittens all by yourself.	Name animals that like the snow.	What do you like to do in the winter?	Make a snowman or snow lady with play dough.	Take a walk and name signs of winter.
Make hot chocolate.	Count the toys in your room.	Cut out snowflakes from coffee filters.	Read an alphabet book. How many letters can you name?	Act out "Three Little Kittens."	Make up an imaginary story about a snowman.	Finger paint with shaving cream.
What makes you happy?	Which is your right hand? Which is your left?	Play a board game.	Make shapes from pretzels.	How long can you balance on your right foot? Left foot?	Can you name the four seasons?	Practice skating in the house with two paper plates.
Look in the mirror. Describe yourself.	Practice writing your full name.	Count from 1-20. Can you count higher?	String cereal with holes on yarn or dental floss.	Find things that sink and float in the bathtub.	Draw with white chalk on black paper to make a snow scene.	Make an indoor tent with a blanket.
Tell your parents what you want to be when you grow up.	Look at the weather report. What should you wear tomorrow?	Tell a bedtime story to a stuffed animal.	Pick up your toys all by yourself.	Look at a book. Show someone the title and author.
